

**HOW YOU CAN HELP
CARMEL'S STREET TREES!**

The City of Carmel and the Carmel Street Tree Committee have committed to establishing a non-reverting **Urban Forestry Fund** for street tree maintenance, storm event or natural disaster cleanup, the replacement of street trees, and special training.

The Urban Forestry Fund will allow Carmel's legacy of great trees and green streets to remain secure by providing relief from the threat of natural disasters, and increasing annual maintenance costs.

Please help our community continue to provide for the care of its urban forest street trees. The Fund is accepting corporate, organizational, and individual donations, and estate gifts.

**YES! I want to help Carmel's Urban Forestry Fund
Provide for Great Trees and Green Streets**

Name _____
